

Complaint: I Ammizabad Johnson # 157090 Hu# 3D-14

RECEIVED on Jan 1st 2021 I was moved from CJC to
JUN 21 2021 (MSI) the workhouse with no property. Today
BY MAIL is feb 9th and I still have no property.

Everybody that I know of plus the Inmates
I came back to CJC with received their
property even the Inmates that ended in Hu
3-D with me received their property.

note: On Camera at Apronitly 6:00pm to 7:00pm I am
been escorted from 3-D to the elevator with
my personal bucket and property that contain
my legal mail and property on Jan 1st 2021.
So Wasnt nothing damaged at all.

Resume I Ammizabad Johnson # 157090 begged the captain
MR. Williams, plus LT's Mrs. Richardson Ms. Hassel
and other LT's and Captains about my property
that contain my legal mail for court. I had a
court date for Feb. 22nd 2021 an it has been
a Month and a half since I seen my legal mail
or property thats from Jan 1st 2021 to Feb
9th and still counting. My name and number
is written on the bucket in Bold Letters
all over the bucket in permanent marker.

I also had Shower Shoes in my bucket so
when I got to the MSI I was forced to
walk in shower barefooted which the did
not clean properly at all the shower was
disgusting with that been said it was cruel
an unusually punishment and I feel like my
personal Rights has been ~~been~~ violated as an inmate
an human. ALL confidence of my case has
absolutely been lost to me
Ammizabad Sadario Johnson

Reason; I'm not suppose to be move.d without my legal mail in my possession at any cost while my case is still active. Isn't any LT's or captains or correctional officer is suppose to handle my legal mail without my presents or open it without me being present. So there for~~s~~ I feel violated and I'm Scared, paranoid, traumatised depressed, Anxiety is up because I don't no if anybody will come after me about my case because the Co's can ~~not~~ release my paperwork to inmates or other Co's my victim could be any one of these Co's family members or close friends. Keep in mind at CJC the Co's are regular citizens from Illinois, Saint Louis city Mo

So I stay with my head on the lookout for trouble because anyone could know my case up they shouldn't. So for this been violated my Constitution Rights I wan to ~~to~~ Sue for, 250,000 for pain an suffering in the Saint Louis City Justice center in the state of Missouri. I Shouldnt have to experience this tut all off feel ~~off~~ like my case is in jeopardy and I felt like

I couldn't go to trial anymore because this. I have no more confidence in this case because my legal work could be used against me. It Shouldn't be any reason My legal work/paper should come up missing it really wasn't damage that should show on camera period. Its Jun 10th 2021 and I still haven't received my property or legal mail from Jan 1st 2021 when they transferred me to MSJ facility. I would like to sue the Saint Louis City Justice department.
